**New colours**  
Discover our newest colours by visiting our web site at [www.brildor.com](http://www.brildor.com)

**Regularidad de los colores**  
Continuamente surgen nuevas normativas para mejorar la protección del medio ambiente, lo que en ocasiones nos obliga a cambiar los colorantes y/o procesos de tintura. Por ello, y a pesar de poner el máximo interés, en ocasiones no nos es posible evitar que se produzcan mínimas diferencias entre lotes de tintura. Para reducir al mínimo el inconveniente que esto pueda representar, todos nuestros hilos muestran el número de partida en su etiqueta.

**Colour equality**  
New regulations improve the protection of the environment. And that forces us sometimes to change the colours and/or processes. Therefore, and despite showing our highest interest, occasionally it is not possible to avoid small difference between dyeing lots. To reduce to the minimum the inconvenience that might cause, all our threads show this dye lot number on the label.
